

ECLIPSE PANEL COLLECTION

FROM  **PERFORMANCE**
FURNISHINGS

Eclipse adds privacy to your open office, creating workspaces with acoustic and visual separation to help your team focus. With Eclipse, you can promote better flow and collaboration in your office, all while making sure every team member has the space they need.

ECLIPSE PANEL COLLECTION

Eclipse makes it easy to carve out the perfect spaces for your team. The sleek grey panels cut down noise and distractions, boosting privacy, comfort, and productivity. Set them up around workstations, freestanding desks, or use them to divide a room to support the flow of your office. With its modular design and limitless configurations, Eclipse 2.0 installs quickly, making any office more flexible and adaptable.

Customizable Layouts

Achieve any configuration with a tight-lock assembly system that enhances stability and makes installation and reconfiguration easy.

Power and Data Capabilities

Experience easy connectivity with Eclipse 2.0's power and data connections that keep workstations powered and connected.

High-Quality Construction

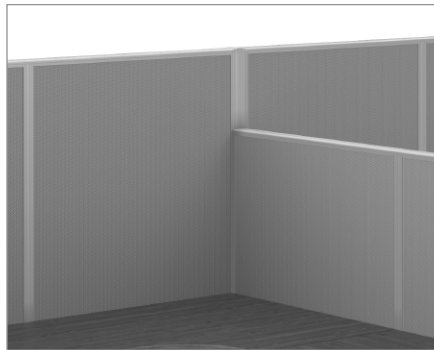

Eclipse's solid wood core and aluminum frame construction provides outstanding strength and durability you can trust.

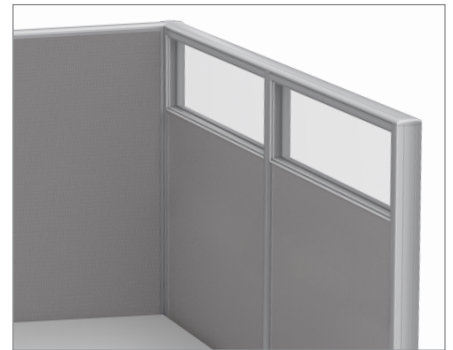

ECLIPSE PANEL FEATURES

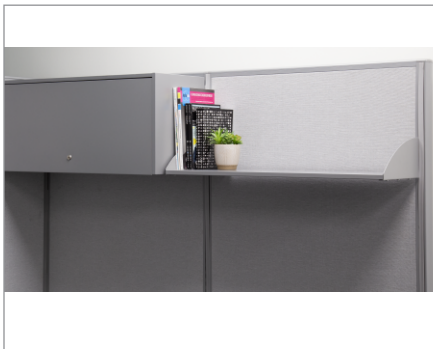

1. The SpaceMax™ EZLOCK connection system makes installation and reconfiguration fast, simple, and hassle-free.

2. Available in 54" and 66" heights, Eclipse creates the right balance of privacy and openness for any workspace.

3. Glass-topped panel options add privacy and separation to workspaces, while keeping your office bright, open, and connected.

4. Optional overhead storage is available as a cabinet or shelf, providing extra organization without taking up floor or desk space.

5. The cantilevered frame lets you add shelves or hanging work surfaces, maximizing flexibility for any workspace setup.

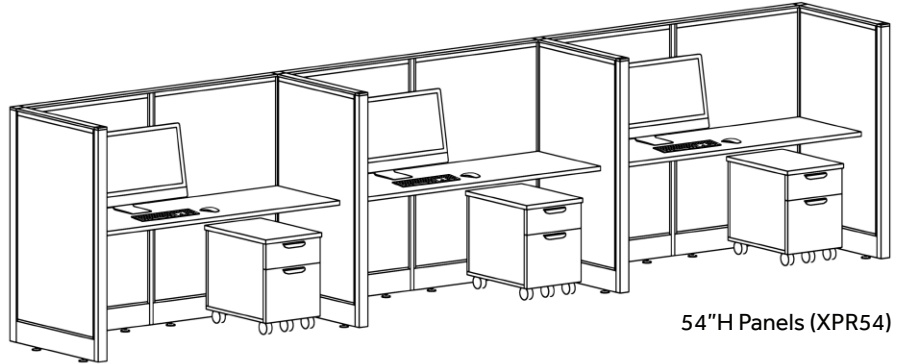

6. Built-in wire management at the panel base keeps cords neat and organized, supporting both data and electrical needs.
